Dear Warren County Healthcare Providers:

Warren County, in partnership with St. Luke's University Health Network (SLUHN), is opening a COVID-19 Testing Site beginning Wednesday, April 8, 2020.

Patients must be Warren County residents and complete a two-step scheduling process in order to be tested.

1. Patient must be screened and pre-approved by a SLUHN physician. If you are not affiliated with SLUHN, your patients must call St. Luke's Warren Hills Family Practice at (908) 847-3100 for a screening by phone.

2. After being screened, patients can visit the Warren County's new COVID-19 Testing webpage to schedule an appointment.

Please do not have your patients schedule an appointment before they are screened by St. Luke's. They will be turned away if they have not been screened.

If you have any questions, please call (908) 475-7960. Due to an expected high volume of calls, the nurse(s) may not be readily available. Please leave a message and you will receive a call back. Please see the attached press release for more details.
